Profile

I'm a Software Developer experienced in the MERN stack, skilled in building smooth, user-friendly web applications and integrating APIs. I also create cross-platform apps using Flutter. I thrive in Agile teams, delivering high- quality, efficient, and innovative web and mobile solutions.

Professional Experience

Software Developer

Flapyid Ltd.

06/2025 – Present | Tirur, Kerala

Full Stack Developer

08/2024 – 04/2025 | Kochi, India

Full Stack Developer Intern at Luminar Technolab

Projects

Tripeloo

Mern

07/2025 – 08/2025

- Built a MERN stack website for direct traveller-provider bookings of stays, packages, and activities.
- Developed admin panel to control platform data and manage property review approvals.
- Added review system for travellers to share feedback and ratings.

VisionMap

Flutter

06/2025 – 07/2025

- Built a cross-platform app for project, inspection, stock, document, and staff management with responsive UI.
- Implemented role-based access control and secure session handling.
- Developed dynamic forms with file uploads, digital signatures, and recurrence-based restrictions.

Declaration

I sincerely declare that all the information provided above is correct and reflects my true abilities and experience.
